

**Convenient, hassle free return program!**

**Reclaim**

**Increase your return  
and reduce the R-22 shortfall**

The EPA had forecast a 25 million pound shortage in 2010, making refrigerant reclamation more important than ever. Return your used refrigerant to any USG, RAL, American Universal or S&A location, and help ensure a ready supply to meet demand. You simply won't find a better refrigerant return program.....Anywhere!
